

Michael Keever

Michael Keever has been with Caltrans for over 30 years and is currently the Division Chief of the Division of Project Management. In his current role he is responsible for managing the delivery of the Department's multi-billion-dollar capital program. Michael began his career as a Junior Civil Engineer in Structure Construction in Los Angeles and spent many years as a Bridge Design Engineer and Manager, leading the Office of Earthquake Engineering for a decade, and serving for three years as Chief of the Division of Engineering Services, including responsibilities for Bridge Design and Construction. He has represented Caltrans on the AASHTO Committee, is a member of the Executive Committee of the American Segmental Bridge Institute and is a panel chair on a variety of current and past NCHRP research projects. Michael is licensed as a Professional Engineer and received a B.S. in Structure Design from the University of Southern California.
